THE PAIRINGS

VIRGIN MARGARITAS are available at the bar to replenish your tear reserves

MOVIE POPCORN pairs well with watching clips from the life of our dearly deceased

Our **BLUEBERRY SALAD** is inspired by 'blueberry gate' from early reality television. We recommend pairing it with eulogies from the departed's circle of influence, and keep an eye out for a fun blueberry cameo!

MAC N CHEESE CROQUETTE – macaroni in a pot... that we've crumbed and deep fried! Who could resist? These pair best with a live musical performance

The **BLINI** has been generously provided by COFFCO and pairs best with a word from our sponsors and may come with a free caviar upgrade from our FUNeral Facilitators!

A **CUPCAKE** will pair well with a selfie with our FUNeral Facilitators! Select images will be used when the episode airs – this is your chance to be seen!

Make sure you grab a **HARD CANDY**, as well as a selfie on stage, before you leave! Thank you for joining us for the taping of this very special episode of Death Warmed Up

The **FYRE FESTIVAL SPECIAL** is provided by Billy McFarland, festival organiser and catering aficionado. Eat the rice paper roll in place of the croquette and your dietary-friendly blini and cupcake in-line with the recommended pairings.
